

Video courses

Basic Video course

Scientific principles for Integrative Medicine & Bio-resonance testing. Complete FCT (Field Control Therapy) three-day seminar theory & practice.

9-disc DVD set (includes synopsis) – 14 hours. \$495.

Advanced Video course

New clinical instructions, patient's management, advanced Bio-resonance testing with the introduction of testing on multi-energetic levels.

9-disc DVD set – 13 hours. \$495.

Intensive Post-Graduate Clinical Training

A vast amount of new information integrated with all of the previous FCT seminars. Expansion of the model of health and disease. Presentation by Dr. Yurkovsky and students, testing and detailed analysis of very ill and puzzling patients, in person, and otherwise, with diverse pathologies. Recalcitrant cases which did not yield to other alternative treatments yet managed successfully by the FCT students. The role of DNA as a potent systemic detoxifier by and of itself. The newest BRT and Rx. Developments including uncovering blocked readings and an additional testing method for particularly ill patients and a plethora of many other challenging issues.

10-disc DVD set – 14 hours. \$595.

Intensive Post-Graduate Course in Patient Management

The content of this seminar is too vast and diverse to encapsulate it in a few sentences.

Please see the complete program for full detail.

9-disc DVD set – 11 hours. \$395.

*** DISCOUNT PACKAGE ***

	<u>Actual Cost</u>	<u>Discounted Cost</u>	<u>Total Savings</u>
• Basic & Advanced	\$ 990	\$ 790	\$ 200
• Basic, Advanced & Intensive Clinical	1585	1185	400
• Basic, Advanced, Intnsv. Clinical & Intnsv Patient Mgmt	1980	1380	600

* When ordering a complete set (all 4 sets), we will include a complimentary sample of the FCT[®] E-letter.

Note: For more than a decade of offering both FCT[®] live and DVD courses to hundreds of health practitioners, we have not had dissatisfied students. To the contrary, we normally receive requests for more information with many students even choosing to order DVDs of the same courses that they have actually attended!

Monthly E-letter / “FCT Workbook”

Given proper diligence and time necessary to master our system, the results for both your patients and practice will exceed your expectations. One of the strongest aspects of this system is its continuous growth based on the new information and knowledge. Therefore, it is crucial that all of our students keep up to date with both our ongoing teaching events, such as seminars, workshops, etc., as well as our periodic E-letter (a few issues a year). The latter serves as a great and open forum for exchange of crucial information between all of the health practitioners around the world who practice FCT®. Among other things, it contains challenging medical cases, clinical quizzes, new insights/shortcuts concerning bio-resonance testing (BRT), availability of new testing filters/remedies, and numerous other vital data.

If you would like to seriously pursue FCT®, and I hope you will, you must have all the back issues of our e-letter plus the ongoing issues. Besides many and diverse clinical cases, the e-letter also shares a wealth of new testing and medical information that is simply too crucial to miss. Therefore, I would strongly advise you to order all of the back issues and establish your current subscription at the rate of \$45 (for **each** issue). As far as all the back issues are concerned starting June 2004 through the present (a total of 11 issues), we will offer you a **25% discount** on the **BULK** acquisition of **all these issues** (bringing the cost of each issue down to \$33.75). Our current issue is Issue 012.

NOTE: Electronic copies of your E-letter will be sent to you via e-mail attachment.

In order to protect our clients in view of a possible energetic or chemical contamination of the vials or platform in which case distorted testing results may occur, in no event will there be any refunds or exchanges. All sale transactions are final. Exception: Damaged or empty vial(s) due to leakage. These will be replaced if notified within 15 days from the date of purchase. Once the damaged or empty vial(s) is confirmed by the manufacturer, it will be replaced accordingly in a timely fashion without extra cost and with our apology.

Liability Disclaimer & Warning

It is the manufacturer's opinion that outstanding clinical results can be achieved upon acquiring the proper level of skill through the completion of FCT training. The manufacturer, however, cannot in any way guarantee these results. They are subject to clinicians utilizing the proper level of skill, training, knowledge and motivation.

Proper handling instructions are contained in each test set. In case they are missing in any of the kits, it is the purchaser's responsibility to notify the manufacturer immediately as described above and not to use the contents in the meantime. It is the purchaser's obligation after receiving and reviewing the instructions to keep them in a safe place and away from any electromagnetic or magnetic devices, or direct sunlight over extended periods of time. The manufacturer explicitly discourages the utilization of test kits for clinical purposes unless they are used by a qualified health practitioner with a proper background in bio-resonance testing and theoretical knowledge acquired through the attendance of the FCT seminars or video-taped course.

Proper medical care has to rest entirely with the individual practitioner's clinical judgment. These materials are to be viewed as strictly educational.

All contents of the audio-visual and/or printed educational materials constitute intellectual property and are protected under applicable copyright, service mark and trademark laws. No material can be returned, refunded or exchanged. All sale transactions are final. The only exception for exchange constitute occasions where a given media product is defective due to the manufacturer's fault and not improper use. Under these circumstances the purchaser may return the defective item within 15 days from the date of purchase. Once the defect is confirmed by the manufacturer, it will be replaced accordingly in a timely fashion without extra cost and with our apology.

In order to protect our clients in view of a possible energetic or chemical contamination of the vials or platform in which case distorted testing results may occur, in no event there will be any returns, refunds or exchanges on these items. All sale transactions are final. The only liability of the manufacturer is the replacement of any vials delivered empty or broken, provided the manufacturer is notified within a timely period of 72 hours via fax (914-861-9160), e-mail – info@yurkovsky.com or by postmarked certified letter. It is imperative that the purchaser examines all the vials and other items promptly upon receipt and familiarize oneself with the content list as well as this insert.

Please make sure that all of the order items are properly checked upon arrival. By placing this order, the purchaser unconditionally & automatically accepts all of the disclaimer and purchase terms listed.

All information concerning ongoing and current educational events & Bio-resonance testing products can be obtained through a periodic visit of our website, www.yurkovsky.com, via e-mail, info@yurkovsky.com, or phone (914) 861-9161.
